Mission Statement

The East San Gabriel Valley Mental Health Professionals Association Directory is a concise list of licensed mental health professionals, edited by a clinical psychologist. Our catchment area includes Arcadia, Azusa, Baldwin Park, Claremont, Covina, Diamond Bar, Duarte, El Monte, Glendora, Hacienda Heights, Irwindale, La Puente, La Verne, Monrovia, Ontario, Pasadena, Pomona, Rancho Cucamonga, San Dimas, Sierra Madre, Walnut, and West Covina. For easy reference, the directory is cross-indexed by city, services provided, problems treated, second languages available, and insurance accepted.

Our mission is to advance professional development through networking and public awareness. We offer equal participation to all licensed mental health professionals regardless of discipline, reflecting real patterns of professional referral in the community. Launched in June, 2009, the directory is not a profit-making entity.

Submissions

This directory is a free community service. Submit your practice information as requested on the form provided at the back of this publication. Direct any submissions, inquiries, or corrections to and request updates of this list from the editor. There is never a cost to professionals or prospective clients to obtain a copy of this directory. The directory is updated at least once a year; annually we confirm with all professionals the accuracy of their listings.

Permission to Copy

Permission is granted to the reader to copy and distribute this directory as long as the editor's contact information is not removed. This directory is available via mail or via download from the internet from JJDeSantis.com. As a courtesy when contacting professionals in this directory, please let them know where you learned about them.

Understanding and Acceptance

This directory is provided with the understanding that the editor is not engaged in rendering a professional service in the form of a recommendation or an endorsement. The editor does not represent or warrant that any specific therapist is appropriate for any specific individual or specific purpose. Listees are presumed to be independently licensed mental health professionals; however, credentials have not been verified.

While the editor makes every effort to ensure the accuracy of information presented, the user is cautioned that this list could include typographical errors and/or technical inaccuracies. Listings are subject to change without notification.

Internet links in the appendix are provided for the convenience of the user; no approval or endorsement is implied, and links are opened at the user's risk.

Use of this directory constitutes an understanding and acceptance of these conditions.

This directory is not affiliated with any other professional organization or association.

History of The Directory

Before this association was started, we had a positive experience with a similar experiment in networking. In 1992, with a few colleagues in the Glendale, Burbank, Pasadena area, we founded an organization called the Glendale Area Mental Health Professionals Association (GAMHPA). This was a unique enterprise because, unlike other professional associations, membership was not limited just to one professional discipline or license but open to all mental health professionals as equal members. Unlike professional associations, this openness of membership reflected real patterns of professional referral in the community. As a result, membership grew to over 100. Its flagship publication was a member resource directory, cross-indexed by problems treated, services provided, second languages spoken, therapy groups offered, and insurance accepted. This organization has thrived for over 20 years.

So in 2009, as a result of this prior success, we began a sister publication 25 miles east of Glendale and GAMHPA, in the eastern half of the San Gabriel Valley. Initially sending out to 600 clinicians in the area an introductory cover letter with an invitation to submit a checklist of practice information, the response has been consistently positive.

Circulation

To promote the work of therapists in the San Gabriel Valley and for purposes of effective service delivery, our intent is to circulate this directory to the community as widely as possible. We distribute the directory in several ways.

We distribute the directory by e-mail to approximately 900 mental health professionals in the local area each year. The directory is posted on the internet as a free download from www.JJDeSantis.com.

The directory is printed in small batches periodically for those who may benefit from having it on their desk, about 900 copies have been distributed in print at no charge. Copies have been distributed to mental health professionals, clinics and counseling centers, schools and colleges, physicians and attorneys, allied health practitioners, and others who are likely to use the resource to make referrals.

We provide the directory at periodic networking events that we sponsor for listees, where typically 15-20 clinicians attend, introduce themselves to each other, and describe their services. We provide copies of the directory at professional educational conferences as well.

We monitor professional e-mail discussion groups and respond to postings requesting information about therapy in the San Gabriel Valley. Additionally, because of our visibility in the community we receive frequent inquiries from prospective therapy clients and will point them to the directory.

Credits

Thank you goes to David Fox, Ph.D., in Glendale, for his development of the software

we use to publish the directory. And thank you goes to Larry Brooks, Ph.D., in Glendale, who co-founded GAMHPA, on which this new association is based.

Endorsements

“Thanks for organizing this group and newsletter! The newsletter is very relevant and informative. I've already had a few contacts from being published in your directory as well, so thanks!”

“Thanks for this amazing directory. It is very useful, a great database for daily referrals I make. I found three people who are a good match for a referral. I will share this directory with my department. I'm sure you know there is a lack of resources like this in the community.”

The Editor

James J. De Santis, Ph.D., earned his doctoral degree in psychology from the California School of Professional Psychology. He has been licensed as a psychologist for 28 years. Dr. De Santis is in full-time private practice in Glendora and Glendale and works with individual adults and couples offering assessment and treatment services. He is a certified Imago Relationship Therapist and a Certified Group Psychotherapist.

Dr. De Santis is the current president of the Glendale Area Mental Health Professionals Association. In 2003, he began the Los Angeles Outpatient Group Therapy Directory, better known as “The Group List,” the largest resource of psychotherapy groups in Los Angeles county. In subsequent years he has added other types of directories for the region, notably The Assessment List and the Pediatric Psychiatrist List.

In 1998, Dr. De Santis published, “Start an interdisciplinary association: A successful practice development program for mental health professionals,” an instructional manual about marketing. In 2010, he added a second book, “The business of practice: Building an optimal private practice for mental health professionals.” Jim has offered a workshop series on marketing for mental health professionals for a decade and private individual consultation on practice development.
